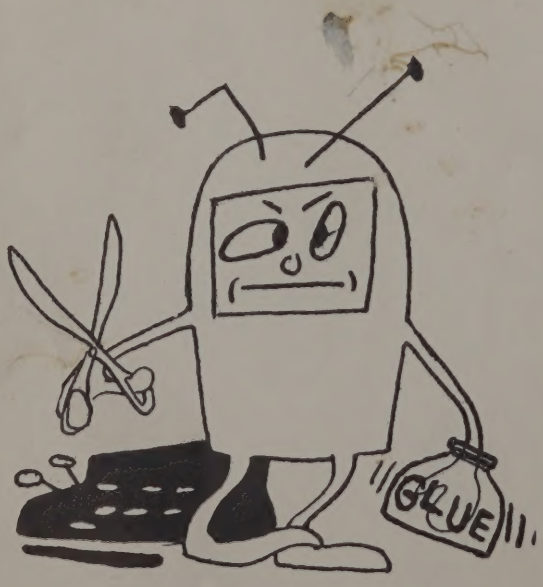
YEARBOOK

STAFF

For thousands of years, people have dreamt about, and written stories about, trips to the moon. But it was not until the airplane was invented, when for the first time man could leave Earth for long periods, that scientists felt that some day the dreams and the stories might come true.

Since 1958 has been declared the geophysical year, the senior class deems it fitting to dedicate this yearbook to space travel.



MR. HOMER SCHIPPER
Agriculture

MISS BETTY WHITE
English

MR. JOHN BURL HITE
Principal

MISS FRANCES YAEGER
Business

MR. REX BAKER
Math & Science

MR HERMAN REBBER
